Finance Options

We offer a number of finance options to suit the individual customer

Dining

Dine

With a seemingly endless amount of options, Sable dining furniture offers an opportunity for you to bring a totally unique piece of furniture art into your home. Our dining tables are built to the highest quality, meaning that your table is an investment to enjoy now and for years to come.

The heritage and craftsmanship that lives within every piece of Sable furniture provides a talking point among the friends and family who you dine with. Your involvement in the design will be known, as it stands in your home, expressing your own unique character and style.

Relax

Modern living with traditional values, and an environment that is crafted around you. After a busy day in today's world, our living rooms are often the places which we retreat to relax and reflect. Our living spaces are designed by you, for you. Sable living offers an opportunity for you to extend your style throughout the home. A one of a kind piece of furniture, designed by you. Sable furniture seamlessly blends with the environment you have created and yet stands out as a focal point of design.

Work

A bold expression of yourself, combined with a celebration of British Manufacturing in a modern corporate world. Sable offers a combination of materials that have never before been seen within the office. A combination of traditional materials and values with cutting edge technology. The perfect statement to admire in your office environment. Sable gives you an opportunity to create a unique piece of furniture that suits how you work, and more importantly reflects your character. Your desk will stand proud as an extension of yourself and will cascade your own individuality throughout your office.

Design

Framework

Each piece of Sable furniture stands upon an elegant and robust, fully welded steel framework. We use large format cold rolled, box section steel, with an impressive 2mm thick wall to create a steel framework that is built to last for generations. Our 60 years of manufacturing in the UK, enable us to harness the art of using traditional materials, along with the assurance of using today's leading technologies. Each frame starts life as a fully rendered 3D CAD drawing. Our tube is then precision laser cut before being robotically tig welded to create a perfect and discrete seam between tube sections. Finally, the framework is passed through a stringent quality assessment and is prepared by hand for the powder coating process.

Paint Finish

Every piece of Sable metalwork is powder coated in our own, in-house 300-metre-long powder coating plant. Our newly fitted totally automated plant, has brought our painting process up to date with the most cutting-edge technology available. This guarantees that we deliver a perfect paint finish on every piece of furniture that we make. All the powder that we use is sourced from suppliers registered with ISO, the British Coating Federation and Coatings Care. By using these we ensure that quality and sustainability are provided with every colour and finish.

Storage

Sable storage units lean on 30 years of development and manufacturing of high end steel storage solutions in the UK. Every unit is manufactured using the UK's leading technology, where precision engineering leads every process. Each storage unit is fully welded, features high quality ball bearing drawer slides, and comes with a central locking mechanism with anti-tilt technology. The quality invested into our storage units makes Sable storage not only a pleasure to look at but also a pleasure to use.

Surface

At Sable, our surfaces are quite simply unrivalled. We only use the highest quality materials to ensure quality, style, and longevity for your purchase. You can select from a large range of Finger-joint block timber, all of which are treated with oil to add a layer of protection and enhance the natural colours of the timber in all their glory. Alternatively, our high density, solid surfaces give the ability to design furniture with a range of striking modern patterns and materials. Finally, for those after a true one of a kind, statement piece, we offer our Live Edge Timber furniture. You can decide from a selection of timbers, available at the time of ordering. Providing a truly unique experience for our customers. Every live edge furniture top is different. A single slice of timber that demonstrates all of its beauty, shown through its perfectly natural edges. A design where less is most definitely more. Working together we select your distinctive piece of timber and present it on your chosen frame, allowing nature to shine through the core of the design.

Dining

Dining Table

Step 1: Design Your Table Frame

Shape

Select from one of our three dining table framework designs. All of our dining table frames are fully welded and crafted out of 10cm x 5cm, 8cm x 8cm or 12cm x 12cm box section steel, with a 2mm thick wall giving the table delivering stability and style.

Finish

Choose from our leading range of colours and finishes to design a framework that creates an impact. To find the full range of Matt paint finishes please see our Customise catalogue.

Frame Dimensions H74cm x W65cm
Overall Table Height 78cm (80cm for Live Edge)

Square Frame
8cm x 8cm Box
section

A-Frame
10cm x 5cm Box
section

X-Frame
12cm x 12cm Box
section

Step 2: Select Your Table Surface & Size

At Sable, we only use the highest quality materials to ensure style, and longevity with every purchase. You can select from the following surface materials.

- ◆ Block Timber - A Finger-joint timber surface, treated with oil to add a layer of protection and enhance the natural colours of the timber in all their glory. Available in 3 price ranges. Please see our Customise catalogue for our full range of Block Timber surfaces.
- ◆ Solid surface - Our high-density surface provides the ability to design the table with a range of striking, modern patterns and materials.
- ◆ Live Edge Timber - This is a totally unique experience for our customers. Every live edge top is different from one to the next. We work together to select your individual slice from a selection of timbers that are available at the time of ordering.

Please see our Customise catalogue for our full range of surfaces.

Sideboards

Select Your Sideboard Surface & Size

Select your configuration of storage units to complement your room. All of our storage cabinets are manufactured by us in the UK, their fully welded design sets off the cabinet with a sleek look, uninterrupted by pivots and fixings. The cabinets benefit from a market leading anti-tilt mechanism, central locking and a lifetime warranty on the drawer slide mechanism. You can select a paint finish from one of our many options and accessorise it with hardware that compliments the design and style of the desk. Full our full range of paint, surface and handle options please see our Customise catalogue.

Terms & Conditions

Returns

In the unlikely event of you wishing to return goods, please contact the Sable Sales Department for authorisation.

Damages

If an item is delivered damaged, we ask that the customers do not sign to accept the delivery. Deliveries should only be signed for once inspected by the customer for signs of damage.

Shortages

If items are missing from the delivery, customers must notify Sable Sales Department immediately who will arrange for the missing items to be dispatched.

Refusal of Goods

If delivery of goods is refused, then a re-delivery will be arranged by our Sales Department and customers will be notified of the re-delivery costs.

Cancelling Orders

Please call us immediately should you wish to cancel an order. We accept order cancellations without charge provided we have not started to make your order. If production has started, cancelling your order will be subject to a cancellation charge in proportion to our incurred costs.

Product Design

Sable reserves the right to change the design of our products from time to time without prior notice. Images within this catalogue are correct at time of going to press, but may differ at point of order. We also reserve the right to discontinue products. If you require a product to exactly match a particular design, please contact us before placing an order to ensure this is possible.

Colour Matching

Whilst we will always use paints manufactured to specified RAL numbers, no guarantee can be given to provide an exact match of colour or finish with previously made product.
